

# NESTAFLEX

376 PL GRAVITY SKATE WHEEL CONVEYOR

## DETAILS

### WIDTH: 18" / 24" / 30"

Determined by package size, available conveying area and application specific needs

### LENGTH EXTENDED: 20' - 68'

Determine total length needed, including curvatures and obstructions

### AXLE CENTER: 3" / 4" / 5.25"

Package size determines necessary axle center length on fully extended conveyor

### SKATE WHEEL TYPE: STEEL / BLACK / RED

Determined by package weight, durability, operational flow control, and application specific needs

The **NestaFlex® 376 PL** is the leading expandable, gravity conveyor for outbound shipments and can be equipped with several engineered options to enhance productivity. With the fixed height legs, the conveyor maintains the required pitch to provide gravity flow. The leg brackets are engineered to keep the legs perpendicular to the floor when it is fully extended and contracted for maximum performance of the swivel casters.

The **NestaFlex® 376 PL** truck loader systems include a guide track and a herringbone transition that assists in extending and contracting the **NestaFlex®** under your fixed conveyor. This system provides a smooth transition of packages between the fixed conveyor and the **NestaFlex® 376 PL** conveyor. Its all steel construction gives you the highest quality flexible gravity conveyor for fluid loading of trailers at your docks.

All conveyor products can be modified to suit specific design requirements. Please contact our sales representatives for details on sizes or options that are not listed.

#### STANDARD FEATURES

- Load capacity 376 lbs/ft
- Steel skate wheels with steel ball bearings
- 3" axle centers for first 10' of conveyor; remaining footage is 5.25" axle centers
- Elevations preset based on application
- Heavy duty steel square tubing
- Zinc plated legs
- Perpendicular legs
- Welded double horizontal leg braces
- Longitudinal leg brace on infeed & discharge
- Heavy duty 6" x 2" casters with 4 total lock brake casters only on discharge end
- 7 gauge steel side links assembled using shoulder bolts with Loctite and steel locking nuts
- 5/16" Ø axle across the width
- Self-tracking design
- Heavy duty roller package stop

#### OPTIONS

- 4" and 3" axle centers
- Black poly skate wheels with steel ball bearings
- 8" x 2" casters
- 36" conveyor width

#### ACCESSORIES

- Curve Guards
- Rigid Discharge Cart
- Herringbone transition
- Guide Track
- Power Assist
- T-Junction
- Heavy Duty Impact Cart

### TECHNICAL DATA

#### CONSTRUCTION

All Steel Bolted Construction

#### LEGS

Zinc Plated, heavy-duty leg supports  
1.25" square steel tubing with a double welded cross brace

#### SIDE LINKS

Made of 7 gauge steel with Loctite shoulder bolts and steel locking nuts

#### WARRANTY

MECHANICAL: 24 Months

#### SERVICES AVAILABLE

Technical Support  
Installation & Setup  
Service Maintenance  
Application Support  
Hardware Support

#### OPTIMAL PACKAGE SIZE FOR AXLE CENTERS

AXLE CENTER LENGTH	PACKAGE SIZES
5.25"	15" & LARGER
4"	12" & LARGER
3"	9" & LARGER

# NESTAFLEX

376 AL/FL GRAVITY SKATE WHEEL CONVEYOR

## DETAILS

### **WIDTH: 18" / 24" / 30"**

Determined by package size, available conveying area and application specific needs

### **LENGTH EXTENDED: 8' - 60'**

Determine total length needed, including curvatures and obstructions

### **AXLE CENTER: 3" / 4" / 5.25"**

Package size determines necessary axle center length on fully extended conveyor

### **SKATE WHEEL TYPE: STEEL / BLACK / RED**

Determined by package weight, durability, operational flow control, and application specific needs

The **NestaFlex® 376 AL/FL** is a heavy duty, gravity conveyor that features double welded cross braces and heavy duty square tubing legs available in adjustable height legs (AL) and fixed height legs (FL). This all bolted design uses shoulder bolts, steel lock nuts and is additionally secured with industrial thread lock to help reduce maintenance. The four point leg connection gives additional strength to the conveyor to make it last longer. The **NestaFlex® 376 AL/FL** is designed to provide the support necessary to handle heavy packages in high volume environments.

The **NestaFlex® 376 AL/FL** has a proven track record in the industry and is the choice for medium to high volume shipping and receiving departments in distribution centers, retail stores, and manufacturing and assembly operations.

#### STANDARD FEATURES

- Load capacity 376 lbs/ft
- Steel skate wheels with steel ball bearings
- 5.25" axle centers
- 28" – 36" adjustable conveyor heights (AL ONLY) using hand knobs to raise or lower the legs for 5" casters; 29"–37" for 6" casters
- Fixed leg (FL ONLY) height adjustments determined per application and are preset by set screws or hand knob
- Heavy duty steel square tubing zinc plated legs
- Welded double horizontal leg braces
- Heavy duty 5" x 1.5" casters with 2 total lock brake casters on each end (all conveyors up to 40' in length); 6" x 2" (all conveyors over 40' in length)
- 5/16" Ø axle across the width
- Self-tracking design
- Couplers easily connect two or more conveyors
- Heavy duty retractable package stop

#### OPTIMAL PACKAGE SIZE FOR AXLE CENTERS
